Kapitalbeteiligungsgesellschaften

Become a member Information for Consultants

Auditors, law firms and business consultants work together closely with private equity companies and are among the membership of the German Private Equity and Venture Capital Association e.V. (BVK), which represents the interests of the private equity industry in Germany. If you also belong to one of these groups, membership in BVK might hold attractive advantages for you.

These include:

- Direct and institutionalised contact to practically all private equity representatives in Germany,
- Access to extensive statistics about the PE industry in Germany, with individual preparation of data on request,
- Integrating your interests into the BVK agenda.

In addition to capital investment companies – from venture capital and growth financing to buy-out specialists – institutional investors are also among BVK's members. Every third BVK member today is a consultant.

BVK is a voice that is heard. Every new member makes that voice louder. [Find out more...](#)
