BVK Survey on IPO: Numerous IPOs in the pipeline

German private equity investors see a great potential for a successful IPO of their portfolios. That is the conclusion of a survey on IPO in 2004 carried out by the BVK among its members and other German private equity investors in which 111 companies evaluate their current situation for going public and at present see 132 companies in the pipeline to be ready for an IPO. 56 investors reported to have at least one IPO candidate in their portfolios while only 36 of all participants could imagine to carry out an IPO under the present circumstances.
