schwerpunkte:**

Serving the needs of the Private Equity industry

Our German Private Equity practice brings together a strong multi-disciplinary team of professionals to serve the needs of the Private Equity industry. Our services extend far beyond the entry phase and are designed to support value creation and retention throughout the investment cycle

The Private Equity Group in Germany is part of KPMG's wider European and Global PE network. Almost 300 people in TS are committed to providing our clients with the best possible combination of in-depth local knowledge and international best practice, whether they are dealing with the German Mittelstand, European national markets, or large cross-border transactions. We routinely construct deal teams drawn from several countries to serve cross-border
