

# HEALTH INNOVATION SUMMIT

A Web Conference With A Live Audience In Silicon Valley, NIHONBASHI Tokyo and Munich

## OVERVIEW

※Primary language at the conference: English

This invitation only meeting aims to develop business collaborations among delegates in healthcare professionals, VC investors and business operators of all sizes who share a common interest in the promotion of, and adaptation of, disruptive innovations in the industry. We are especially interested in exchanging new innovative ideas and expanding our business network for the industry.

Focus of the event shall be inclusive of wide ranging ideas on Health Innovations including digital health, IT, IT services, medical devices, robotics, new materials, bio science as well as new drug discoveries.

### Who attends?

- ❖ Healthcare professionals and service providers
- ❖ Investors (VCs, Incubators, Accelerators & Growth Capital Funds)
- ❖ Business operators of all sizes (large-established, growth stage companies and VC portfolio)

### Type of professions?

- ❖ Business Development, M&A, Finance, Strategic Planning
- ❖ R&D
- ❖ Investors (VCs, Incubators, Accelerators & Growth Capital Funds)
- ❖ Professional service providers

### Key messages sought from speakers

- ❖ Healthcare professionals and researchers: What issues are we facing in healthcare today & tomorrow
- ❖ Investors: What disruptive innovations we are betting on, and how we make them successful w/examples
- ❖ Business operators: New business strategies of today & tomorrow in a context of open innovation
- ❖ Venture portfolios: "This is who we are & what we do" through Rapid-fire Presentations

### What is so unique about this Summit?

- ❖ This is a web conference with a live audience in Silicon Valley, Tokyo and Munich.
- ❖ For speakers, it is no longer necessary to travel and participate in a panel at the conference. **Yet, we welcome people to come attend one of the three conference venues as there is nothing to substitute a face-to-face networking**
- ❖ We provide for all delegates access to Webinar. You will be able to view video streaming live, or review recorded contents at later date (for up to one month).
- ❖ We provide for all delegates access to a business communication app (to be announced 10 days prior to the event). With this app you will be able to send questions to speakers/presenters during or after the event. What's more, you will be able to remain in touch or contact participants of the event as a convenient messaging tool for as long as the service is available from us.
